GUIDELINE FOR THE CONTROL DAY(S)

for Team Delegations

1) DOCUMENTS CHECK POINT

At the Documents Checkpoint Jury Members will check the nationality of each player.

All players need to go through to the Jury Checkpoint.

Please follow the following procedure:

- a) The Team Manager goes to the Jury checkpoint first. Here he will hand over the Final List of the Team Delegation and the (copies) of passports/identity cards/authorizations of all players to the Jurys.
- b) The Jury will check the Final List and the copies of the passports and will ask the players one by one to pass the Jury checkpoint.
- c) For those players that need to undergo classification players whose status is "R" "N" or confirmed (see doc. "Masterlist" on the www.powerchairhockey.org/classification), the Jury will check they have ready, correctly filled and signed bu a doctor and/or a legal guardian the IPCH Medical Form and the IPCH Consent Form. Forms are available IPCH www.powerchairhockeu.org/classification.
- d) After being checked by the Jury, the Jury will guide each player and his/her assistants (max. 2 per player) where to go next.

2) EQUIPMENT CHECKPOINT

At the Equipment Checkpoint, Referees and Jury Members, will check the players equipment, player by player.

- a) A player can come to the equipment control, accompanied by a maximum of 2 assistants (team manager, coach(es) or team assistants). See the "Game rules" on the website; www.powerchairhockey.org/general-regulations. It's the Teams responsibility that all equipment is in order for the matches.
- b) The player shall take all his/her playing equipment to the control: T-stick(s), hand-stick(s), powerchair(s), number plate(s), jerseys and reserve jerseys.
- c) All equipment of the player will be checked also extra playing powerchair (maximum of 3 playing sticks per player at a time extra sticks can be check in the recheck time or above agreement with the Chief Referee)

International Wheelchair & Amputee Sports Federation (IWAS)

IWAS POWERCHAIR HOCKEY

www.powerchairhockey.org

- d) If certain equipment isn't approved the team will have time, during the official scheduled control session of the team, to repair the equipment and to have it rechecked. In case the equipment can't be rechecked in the scheduled session, the player can show up to the scheduled Recheck Equipment Session. Or agree with the Chief Referee for a specific Recheck.
- e) Teams need to find a place to fix equipment. It's not allowed to fix the equipment in the Control space/room.
- f) If during the tournament a player wants to have more equipment checked, an arrangement can be made by the Team Manager and the Chief Referee.

Equipment control is voluntary.

Each player can come to the equipment control in the time slot assigned for the team equipment control, following the above listed rules about the number of equipment pieces.

Equipment control will end if there have been no new players showing up for checking within 30 minutes of the start or the last check.

Equipment control will always end when the next team is scheduled to be controlled.

3) CLASSIFICATION SESSIONS

At the Classification the Classification Panels will check the underlying health condition and eligibility of the player.

- a) If a player has not yet the status "confirmed (C)" than he/she must be classified.
- b) He/she can be accompanied by a maximum of 2 assistants (team manager, coach and/or or team assistant), handing over the personal signed IPCH Medical Diagnostic Form and the personal signed IPCH Consent Form.
- c) Players with a non-confirmed status (New or Review status) will be checked according to the IPCH Players Eligibility, which can be found on the IPCH website: www.powerchairhockey.org/classification.
- d) All players will be checked according the "IPCH Classification Manual", which can be found on the IPCH website; www.powerchairhockeu.org/classification.

FRD players can request to be recheck before the deadline of their review period if their health situation and impairments has changed significantly.
